ENGINE HIGHLIGHTS OF THE BMW M3 SALOON, BMW M4 COMPETITION COUPÉ AND BMW M4 COMPETITION CONVERTIBLE WITH M xDRIVE.

M3 SALOON

BMW M TwinPower Turbo 6-cylinder petrol engine with 353 kW (480 hp) and 550 Nm torque
Acceleration 0–100 km/h: 4.2 s
Top speed: 250 km/h³
Combined fuel consumption^{1,2}: 10.2-10.0 l/100 km
Combined CO₂ emissions^{1,2}: 231-227 g/km

M4 COMPETITION CONVERTIBLE WITH M xDRIVE

BMW M TwinPower Turbo 6-cylinder petrol engine with 375 kW (510 hp) and 650 Nm torque
Acceleration 0–100 km/h: 3.7 s
Top speed: 250 km/h³
Combined fuel consumption^{1,2}: 10.2 l/100 km
Combined CO₂ emissions^{1,2}: 233-231 g/km

M4 COMPETITION COUPÉ

BMW M TwinPower Turbo 6-cylinder petrol engine with 375 kW (510 hp) and 650 Nm torque
Acceleration 0–100 km/h: 3.9 s
Top speed: 250 km/h³
Combined fuel consumption^{1,2}: 9.8 l/100 km
Combined CO₂ emissions^{1,2}: 224-223 g/km

■ Standard equipment □ Optional equipment

□ The **M Driver's Package**⁴ increases the top speed to 290 km/h. The M Driver's Package can be ordered when purchasing a new vehicle or can be added on at a later date. All other technical data remain unchanged once installed. A voucher for a one-day BMW M race track training course from BMW Driving Experience is also included.

■ The **M Sport exhaust system** delivers a dynamic sound that can be modified via the integrated exhaust valve mechanism. The SPORT and SPORT+ programmes, which can be selected via the SETUP button, are accentuated by an even more intense engine sound, while the comfort-oriented programme prioritises more discreet engine acoustics.

□ The **M Race Track package** makes the vehicle an uncompromising driver's car for experts. M Carbon ceramic brake, M Carbon bucket seats and M forged wheels reduce weight by up to 25 kg. M Drive Professional, the M Driver's Package and the BMW Head-up display allow perfect control of the increased performance.

¹ The figures for performance, fuel consumption and carbon dioxide emissions refer to vehicles with standard transmission.

¹ Performance data of petrol engines apply to vehicles using RON 98 fuel. Fuel consumption data apply to vehicles using reference fuels in accordance with EU Regulation 2007/715. Unleaded RON 91 and higher with a maximum ethanol content of 10% (E10) may also be used. BMW recommends RON 98 super plus unleaded petrol.

² Official data for fuel consumption and carbon dioxide emissions was determined in accordance with and complies to the measuring procedures as defined by European Regulation (EU) 715/2007 in the applicable version. In the event of ranges, data determined as per WLTP takes into account any optional equipment (available on the German market in this case). For vehicles that have been newly type approved since 1 January 2021, only the official data according to WLTP exist. For more information about NEDC and WLTP measuring procedures visit www.bmw.com/wltp

³ Electronically limited.

⁴ The raised top speed is only available after the first service following the 2,000 km run-in period.

Further information on fuel consumption and CO₂ emissions can be found in technical data.

*The availability of some equipment features and functions depends on engine variants or additional options. The market and production availability may vary. You can find detailed information about terms, standard and optional equipment at www.bmw.com or at your BMW Partner.

■ Standard equipment □ Optional equipment

MANUAL TRANSMISSION

■ The manual 6-speed M transmission¹ allows for particularly sporty driving characteristics. It is smooth running, perfectly graduated and features precise, short-throw gearshift. The engine's characteristics can be perfectly utilised in terms of power delivery and efficiency by using the most suitable gear.

ADAPTIVE M SUSPENSION

■ The Adaptive M suspension makes it possible to adjust the damper characteristics to suit any given driving situation, increasing driving dynamics and comfort. In addition to the standard COMFORT setting for increased driving comfort, the SPORT programme offers firmer damper settings, and with SPORT+, the vehicle can be used on the race track.

STEPTRONIC SPORT TRANSMISSION

■ The 8-speed M Steptronic Sport transmission^{2,*} with Drivelogic offers numerous shifting options: extremely dynamic, particularly comfortable and smooth, fuel-saving. You can shift manually using the gear lever or the gearshift paddles on the steering wheel, or select one of three automatic programmes using Drivelogic.

M SPORT DIFFERENTIAL

■ The Active M Differential optimises traction and driving stability when changing lanes or accelerating out of curves, when making curves at high speeds or on roads with uneven surfaces. Traction is optimised with the help of an electronically operated device that reduces the difference in revolution speed between the rear wheels.

M xDRIVE

■ With BMW M xDrive³ and Active M Differential, drivers can experience intensive athletic performance – during everyday driving, as well as at the racetrack. The M specific technology smoothly distributes the drive power variably between the front and rear axle, so that the vehicle reacts with extreme precision and stability, even during dynamic driving and inclement weather conditions, ultimately providing better control. Even the basic settings, with Dynamic Stability Control (DSC) and 4WD turned on, the M characteristic agility is appreciable. With M dynamic mode and 4WD Sport, agility is significantly increased. With DSC off you can choose between

the drive settings 4WD, 4WD Sport and 2WD, depending on personal preference and road conditions. In 2WD mode, ambitious sport drivers get their full money's worth because the drive is distributed only to the rear axle. Only the Active M Differential is in play, variably distributing the drive power between the rear wheels as the situation requires in order to ensure optimal traction and driving stability. All in all, M xDrive heightens the vehicle's driving dynamic qualities, optimises its handling characteristics and makes it easier to control so that you can enjoy the performance even more intensively.

¹ Standard for BMW M3 Saloon and BMW M4 Coupé.
² Standard for BMW M3 Competition Saloon, BMW M4 Competition Coupé and BMW M4 Competition Convertible.
³ Standard for M4 Competition with M xDrive.

* The availability of some equipment features and functions depends on engine variants or additional options. The market and production availability may vary. You can find detailed information about terms, standard and optional equipment at www.bmw.com or at your BMW Partner.

CONNECTIVITY AND INFOTAINMENT.

BMW ConnectedDrive
So connected, you're free.

BMW OPERATING SYSTEM 7

■ The innovative operating concept of the BMW Operating System 7 enables even easier operation of vehicle functions via e.g. speech, touch screen and iDrive control – very intuitively. For this purpose, the functionality of the Controller has been upgraded. So now the apps menu can be selected directly.

CONNECTED PACKAGE PROFESSIONAL

□ BMW Maps with Connected Navigation and Connected Parking, Connected Music, Remote Services, Smartphone Integration² incl. Apple CarPlay and Android Auto, In-Car Experiences and Concierge Service – the Connected Package Professional provides extensive networking capability for your BMW. You benefit from increased comfort and seamless integration of your smartphone apps.

BMW GESTURE CONTROL

□ With BMW Gesture Control*, certain functions can be operated by means of defined hand movements. For certain operations the system will for example recognise gestures such as 'swiping' or 'pointing' for accepting or rejecting an incoming call, or circular motions of the index finger to adjust volume.

BMW DIGITAL KEY

□ The BMW Digital Key^{1,*} turns your compatible smartphone into a vehicle key. To unlock, simply hold the smartphone next to the door handle; before starting your BMW place it on the smartphone tray. In addition, you can send a Digital Key to up to five friends, and even limit the maximum speed, for example – ideal for novice drivers.

SMARTPHONE INTEGRATION

□ Why go without the features of your smartphone in your BMW when you can continue operating it as usual? With smartphone integration², your vehicle supports Apple CarPlay and Android Auto by means of a wireless connection between your smartphone and the vehicle. This allows you to conveniently use familiar functions and various apps in the vehicle.

DRIVER ASSISTANCE.

■ Standard equipment □ Optional equipment

□ The **Parking Assistant Plus³** makes parking and manoeuvring the vehicle easier. It features among others the Surround View system including Top View, Panorama View, Remote 3D View, as well as a lateral parking aid, the emergency braking function Active Park Distance Control, Parking Assistant with longitudinal and lateral guidance and Reversing Assistant.

□ The **Lane Keeping Assistant*** with active side collision protection supports you up to a speed of 210 km/h with small corrective steering interventions, when the vehicle threatens to leave the lane or to avoid collisions with vehicles on either side. The assistant increases comfort and safety, especially during monotonous driving situations.

□ **Front collision warning with brake intervention*** actively assists you with the prevention of collisions involving pedestrians and cyclists. It is active at speeds of up to 65 km/h and preconditions the brakes for increased responsiveness. In the event of an emergency, the system prevents a collision or ensures that the collision speed is reduced considerably.

□ **Evasion Assistant*** supports you during manoeuvres to evade stationary or moving vehicles, cyclists or pedestrians. If a collision is imminent, the possible free space for an evasion manoeuvre is analysed and the steering assistance and the agilisation of the suspension are used to prevent the collision.

□ The **junction warning with brake intervention*** detects traffic lights, traffic signs and vehicles crossing and can avoid accidents. If a collision cannot be avoided, the system helps to reduce the impact speed.

□ The **front crossing traffic warning*** warns you of crossing traffic when entering intersecting crossing traffic in unwieldy places. The system works up to a speed of 7 km/h and can be activated and deactivated via the "Park" setting menu.

¹ Prerequisite is a BMW ConnectedDrive account and a compatible smartphone. For customers with a non-compatible smartphone, a high-quality Key Card is provided. More information about the BMW Digital Key, e.g. regarding the compatibility of your smartphone, is available at www.bmw.com/digitalkey
² Smartphone Integration is permanently available in the vehicle. It includes Apple CarPlay and Android Auto. Android Auto linking is only possible in conjunction with

a BMW Live Cockpit. Due to possible future technical developments (e.g. of mobile phones), the usability of the Apple CarPlay or Google Android Auto service cannot be guaranteed permanently. CarPlay is a trademark of Apple Inc. Android Auto is a trademark of Google LLC.
³ The driver is responsible for constantly monitoring the automated parking procedure in accordance with local road laws.

*The availability of some equipment features and functions depends on engine variants or additional options. The market and production availability may vary. You can find detailed information about terms, standard and optional equipment at www.bmw.com or at your BMW Partner.

Some ConnectedDrive Services may differ between countries. Please consult your local BMW partner for more information.

BMW M3 SALOON.

Discover even more with the new BMW Products app. Available now, for your smartphone and tablet.

■ Standard equipment □ Optional equipment

The BMW M3 Saloon raises the pulse rate from the very first glance and will be remembered for a long time to come. Fresh and contemporary, the luminous Isle of Man Green metallic interprets the classic British Racing Green. M Sport seats guarantee perfect ergonomics and optimum lateral support. In optional full leather Merino finely structured Kyalami Orange/Black, they give the interior of the BMW M3 Saloon an extremely powerful and confident appearance.

The clearly painted M carbon roof visually highlights the race-proven design and at the same time lowers the centre of gravity. Fins on the roof trailing edge and the M rear spoiler, discreetly painted in body colour, optimise the aerodynamics of the BMW M3 Saloon. The double-flanged twin-flow tailpipes in Chrome high-gloss and the extensively lowered M diffuser trim testify to the built-in racing technology and visually close the rear downwards.

■ The M leather steering wheel with its contoured thumb rests provides a direct, athletic steering experience and maximum control. The integrated multifunction enables the operation of various multimedia and assistance systems. The red M1/M2 buttons can be used to access two preset M Drive configurations.

■ The multi-adjustable M Sport seats with bucket seat character and partly integrated headrest provide excellent lateral support for you and your front passenger. In addition, the backrest width can be individually adjusted. Their special design with illuminated M3 logo highlights the vehicle's athletic capabilities.

■ The door sill finishers with model designation emphasise the vehicle's sporty character.

□ Thanks to the use of a special material mix, M Compound brakes with brake calipers in Red high-gloss achieve outstanding deceleration values and are extremely stable.

□ 18"/19" M forged wheels Double-spoke style 824 M Orbit Grey with mixed tyres, wheel size front 9.5J x 18 with 275/40 R18 tyres, wheel size rear 10.5J x 19 with 285/35 R19 tyres.

□ 19"/20" M forged wheels Double-spoke style 825 M Bicolour Black with mixed tyres, gloss-lathed/gloss-milled, wheel size front 9.5J x 19 with 275/35 R19 tyres, wheel size rear 10.5J x 20 with 285/30 R20 tyres.

BMW M4 COMPETITION COUPÉ.

Discover even more with the new BMW Products app. Available now, for your smartphone and tablet.

■ Standard equipment □ Optional equipment

Absolute willingness to perform is written all over the BMW M4 Competition Coupé. The High Gloss Black accents of the BMW Individual high-gloss Shadowline exterior trim with extended features increase the visual intensity of the solid paint finish in Sao Paulo Yellow. Large air inlets cover the high cooling requirements of the high-performance units. Particularly in combination with the M Carbon exterior package, they reinforce the racing character of the BMW M4 Competition Coupé with their clear paint finish.

The visible fibre structure of the exclusive M carbon roof and M rear spoiler visually stages the elaborate, weight-reduced design.

□ The athletic interior equipment is defined by the classic M driver orientation and perfectly crafted materials. The steering wheel covers and shift paddles of the M leather steering wheel are made of lightweight carbon fibre, as are the M interior trim finishers. The concise M4 Competition inscription indicates the special position of the model.

□ With its low seat position, high side sections, integrated head restraints and cut-outs, the M Carbon bucket seat, shown here in full leather Merino finely structured Yas Marina Blue/Black, gives you a racing car-like seating experience.

■ Door sill finishers with the "M4 Competition" designation in the front on the left and right.

□ The weight-optimised M Carbon ceramic brake¹* provides outstanding performance, high thermal resistance and is highly durable.

□ 19"/20" M forged wheels Double-spoke style 826 M Bicolour Black with mixed tyres, Translucent Shadow, wheel size front 9.5J x 19 with 275/35 R19 tyres, wheel size rear 10.5J x 20 with 285/30 R20 tyres.

□ 19"/20" M forged wheels Double-spoke style 826 M Black with mixed tyres and track tyres, wheel size front 9.5J x 19 with 275/35 R19 tyres, wheel size rear 10.5J x 20 with 285/30 R20 tyres.

¹ Depending on conditions and usage, features specific to the materials used can lead to operational noises, particularly in wet conditions, just before the vehicle comes to a halt.

*The availability of some equipment features and functions depends on engine variants or additional options. The market and production availability may vary. You can find detailed information about terms, standard and optional equipment at www.bmw.com or at your BMW Partner.

BMW M4 COMPETITION CONVERTIBLE WITH M xDRIVE.

Discover even more with the new BMW Products app. Available now, for your smartphone and tablet.

■ Standard equipment □ Optional equipment

The BMW M4 Competition Convertible with M xDrive represents unadulterated driving pleasure with the convertible top down and uncompromising readiness to perform. The BMW Individual high-gloss Shadowline exterior trim with extended features sets visual highlights in the BMW Individual Frozen Portimao Blue metallic paintwork thanks to black high-gloss elements.

With the convertible top down, the wide, confident rear has a particularly athletic effect thanks to the M rear spoiler and the visible M Carbon bucket seats.

□ M interior trim finishers 'Carbon Fibre' with highlight trim finisher Pearl Chrome and carbon-fibre inlay on the steering wheel and shift paddles

□ The M Carbon bucket seat with illuminated M4 logo combines the lightness and racing character of a bucket seat with the range of functions of an M Sport seat. Its contouring offers perfect side support and excellent long distance comfort. It is compatible with multipoint harnesses and therefore fully suitable for racing.

■ Door sill finishers with the "M4 Competition" designation in the front on the left and right.

■ Thanks to the use of a special material mix, M Compound brakes with brake calipers in Blue high-gloss achieve outstanding deceleration values and are extremely stable.

□ 19"/20" M forged wheels Double-spoke style 825 M Bicolour Orbit Grey matt with mixed tyres, gloss-lathed rim/ rim flange, wheel size front 9.5J x 19 with 275/35 R19 tyres, wheel size rear 10.5J x 20 with 285/30 R20 tyres.

□ 19"/20" M forged wheels Double-spoke style 826 M Bicolour Black with mixed tyres, Translucent Shadow, wheel size front 9.5J x 19 with 275/35 R19 tyres, wheel size rear 10.5J x 20 with 285/30 R20 tyres.

The availability of some equipment features and functions depends on engine variants or additional options. The market and production availability may vary. You can find detailed information about terms, standard and optional equipment at www.bmw.com or at your BMW Partner.

BMW M340i SALOON, BMW M340i xDRIVE SALOON AND BMW M340d xDRIVE SALOON.

Discover even more with the new BMW Products app. Available now, for your smartphone and tablet.

■ The M Leather steering wheel including multifunction buttons, an M badge and an integrated driver-side airbag is featured in three-spoke design. With a steering wheel rim in leather 'Walknappa' Black with black stitching and contoured thumb rests, it provides a direct, athletic steering experience.

■ The Sport seats for driver and front passenger provide optimum lateral support with their raised side bolsters and manually adjustable thigh support. The fore-and-aft position and seat angle can be manually adjusted.

■ 18" M light alloy wheels Double-spoke style 790 M Bicolour Orbit Grey with mixed tyres, gloss-lathed, front 7.5J x 18 with 225/45 R18 tyres, rear 8.5J x 18 with 255/40 R18 tyres.

□ 19" M light alloy wheels Double-spoke style 792 M Bicolour Cerium Grey with performance tyres and mixed tyres, gloss-lathed, front 8J x 19 with 225/40 R19 tyres, rear 8.5J x 19 with 255/35 R19 tyres.

BMW M440i COUPÉ, BMW M440i xDRIVE COUPÉ AND BMW M440d xDRIVE COUPÉ.

Equipment 32 | 33

■ Standard equipment □ Optional equipment

■ The M Leather steering wheel including multifunction buttons, an M badge and an integrated driver-side airbag is featured in three-spoke design. BMW INDIVIDUAL.

THE EXPRESSION OF PERSONALITY.

Applied with the highest level of craftsmanship, the exclusive BMW Individual Matt paint finishes stand out from the crowd with their silky shimmer. Special pigmentation within the multi-coat painting process allows each line, each surface to develop its highest expressive power - as for example in the BMW Individual paint finish Frozen Brilliant White metallic.

BMW Individual full leather trim 'Merino' VBTQ Tartufo with partial perforation

BMW Individual interior trim finishers piano finish Black with highlight trim finisher Pearl Chrome

BMW Individual full leather trim 'Merino' ZBFV Fjord Blue/Black with partial perforation

M interior trim finishers 'Carbon Fibre' with highlight trim finisher Pearl Chrome and carbon-fibre inlay on the steering wheel and shift paddles

BMW Individual full leather trim 'Merino' VBHZ Fiona Red/Black with partial perforation

M interior trim finishers 'Carbon Fibre' with highlight trim finisher Pearl Chrome and carbon-fibre inlay on the steering wheel and shift paddles

If someone decides, then you: BMW Individual offers you every opportunity to design the new BMW M3 Saloon, the new BMW M4 Coupé and the new BMW M4 Competition Convertible with M xDrive to suit your individual wishes, leaving the degree of customisation entirely up to you. Add your personal driving experience to the typical BMW driving pleasure. Choose what suits you the most from particularly

high-quality equipment options: Exclusive BMW Individual paintwork that show style and confidence. Soft, voluminous leather trims and interior trim finishers made of fine woods, which turn the interior into your personal comfort zone. Or go your very own way, only following your ideas – BMW Individual ensures that they will become an automotive reality.

ADDITIONAL EQUIPMENT.

Discover even more with the new BMW Products app. Available now, for your smartphone and tablet.

■ Standard equipment □ Optional equipment

□ The BMW Individual Composition gives the vehicle a particularly elegant and unique character. The BMW Individual paintwork contributes to this, as do the BMW Individual interior trim finishers and the BMW Individual full leather trim 'Merino'.

□ The M Carbon exterior package underlines the athletic demands of the vehicle. Spoiler elements in the front bumper and exterior mirror caps are made of carbon-fibre reinforced plastic (CFRP). The package is rounded off by a striking carbon-fibre diffuser insert at the rear.

□ The M lights Shadow Line include a black finish of all chrome elements in the headlights, creating an unmistakable design.

□ The M high-gloss Shadow Line with extended contents* includes specific equipment features in Black: Exterior mirror caps in Black high-gloss and tailpipe trims in Black Chrome.

□ The air conduction elements in the bumper, which are made of carbon, make the vehicle's motorsport DNA shine even brighter. This lightweight element forms two distinctive channels for the cooling air and creates an expressive accent in the front apron.

□ Aerodynamically optimised M exterior mirrors reduce the drag of the BMW M4 Coupé. The mirror caps made of visible carbon bring this constructive fine-tuning into focus visually as well.

■ The M high-gloss Shadow Line includes numerous equipment features in Black high-gloss. These include the window cavity seals including the softtop finishers, the exterior mirror frame and the mirror triangle and blade.

□ The M headliner in anthracite lends the sporty ambience even more exclusivity and an exceptional feel.

□ The M Carbon rear spoiler* enhances the visual dynamics of the rear. As an exclusive and concise accent, it makes the adrenaline-charged racing DNA of the BMW M4 Coupé visible at first glance.

□ The high-quality rear diffuser made of carbon emphasises the vehicle's high-tech nature and adds an even sportier note. It is made of the lightweight material carbon, which has been elaborately handcrafted and has its origins in motorsport. The striking design with its pronounced struts embodies maximum performance.

*The availability of some equipment features and functions depends on engine variants or additional options. The market and production availability may vary. You can find detailed information about terms, standard and optional equipment at www.bmw.com or at your BMW Partner.

ADDITIONAL EQUIPMENT.

Discover even more with the new BMW Products app. Available now, for your smartphone and tablet.

■ Standard equipment □ Optional equipment

□ 19"/20" M forged wheels
Double-spoke style 826 M Black
with mixed tyres and track tyres,
wheel size front 9.5J x 19 with
275/35 R19 tyres, wheel size rear
10.5J x 20 with 285/30 R20 tyres.^{1,2}

■ As part of BMW's intelligent lightweight construction, the carbon roof⁴ made of carbon fibre reinforced plastic (CFRP) helps to reduce the car's mass, and shifts the car's centre of gravity lower. This leads to an increase in agility and dynamics when taking a bend, accelerating and braking.

■ Thanks to the use of various materials, M Compound brakes achieve outstanding deceleration values, are extremely stable and weigh less. The brake calipers in Blue high-gloss with M lettering lend this high-performance brake system a distinctly sporty appearance.

□ 19"/20" M forged wheels
Double-spoke style 826 M
Bicolour Black with mixed tyres,
Translucent Shadow, wheel size
front 9.5J x 19 with 275/35 R19
tyres, wheel size rear 10.5J x 20
with 285/30 R20 tyres.³

□ 19"/20" M forged wheels
Double-spoke style 825 M
Bicolour Orbit Grey matt with
mixed tyres, gloss-lathed rim/
rim flange, wheel size front
9.5J x 19 with 275/35 R19 tyres,
wheel size rear 10.5J x 20 with
285/30 R20 tyres.

□ The glass sunroof with slide and lift function, including an electric sliding interior roof, anti-trap protection, as well as comfort opening and closing, allows the airflow to be individually regulated to create a pleasant interior climate. The integrated wind deflector prevents draughts from developing in the interior and ensures a lower level of wind noise.

□ The sun protection glazing prevents the interior from heating up when exposed to direct sunlight. The darker glazing behind the B-pillars absorbs more sunlight. The tinted glazing does not hinder outward visibility, but offers more privacy in the rear.

□ 19"/20" M forged wheels
Double-spoke style 825 M
Bicolour Black with mixed tyres,
gloss-lathed/gloss-milled, wheel
size front 9.5J x 19 with 275/35
R19 tyres, wheel size rear 10.5J x
20 with 285/30 R20 tyres.

■ 18"/19" M forged wheels
Double-spoke style 824 M Orbit
Grey with mixed tyres, wheel
size front 9.5J x 18 with 275/40
R18 tyres, wheel size rear 10.5J
x 19 with 285/35 R19 tyres.

□ In laser high-beam mode, the Adaptive BMW Laserlight illuminates a range of up to 550 m, nearly twice as far as that of conventional headlights. Better visibility in the dark significantly increases safety. Blue accents and the lettering "BMW Laser" in the headlight also underline the technological standards and the sportiness of the vehicle.

□ The interior mirror and driver-side exterior mirror feature the automatic anti-dazzle function. Additionally, the front passenger exterior mirror features the automatic parking function when the vehicle is put in reverse. Both exterior mirrors are equipped with an electric fold-in function, as well as a mirror memory function. That makes parking easier and helps to avoid damage to the vehicle.

¹ Also available without track tyres.
² The driving dynamics properties of the track tyres vary depending on weather influences and road surface.
³ Also available with track tyres.
⁴ Only available for Saloon and Coupé.

*The availability of some equipment features and functions depends on engine variants or additional options. The market and production availability may vary. You can find detailed information about terms, standard and optional equipment at www.bmw.com or at your BMW Partner.

ADDITIONAL EQUIPMENT.

Discover even more with the new BMW Products app. Available now, for your smartphone and tablet.

■ Standard equipment □ Optional equipment

■ The multi-adjustable M Sport seats with bucket seat character and partly integrated headrest provide excellent lateral support for you and your front passenger. In addition, the backrest width can be individually adjusted. Their special design with illuminated M4 logo highlights the vehicle's athletic capabilities.

■ The M leather steering wheel with its contoured thumb rests provides a direct, athletic steering experience and maximum control. The integrated multifunction enables the operation of various multimedia and assistance systems. The red M1/M2 buttons can be used to access two preset M Drive configurations.

□ The M seat belts boast an exquisite woven highlight in the classic M colours and emphasise the extremely high-quality and sporty ambience in the interior.

□ The M Carbon bucket seat with illuminated M4 logo combines the lightness and racing character of a bucket seat with the range of functions of an M Sport seat. Its contouring offers perfect side support and excellent long distance comfort. It is compatible with multipoint harnesses and therefore fully suitable for racing.

□ The anthracite softtop with silver effect blends harmoniously into the dynamic lines of the vehicle. At the push of a button, it opens and closes electrically in approximately 18 seconds, even while driving at speeds of up to 50 km/h. One of the outstanding properties of this high-quality softtop is its excellent noise insulation.

□ Exclusive galvanic embellishers on control elements for power windows, the door control panel and the door lock switch create a high-quality impression.

□ The BMW Live Cockpit Professional with navigation function includes two high-quality displays consisting of a high-resolution 10.25" Control Display that can be operated by touch and a fully digital 12.3" instrument display. The BMW Operating System 7 can also be operated via the iDrive Touch Controller³.

□ Driving Assistant Professional¹ * offers optimum comfort and safety during critical or monotonous traffic situations. Apart from the contents of the Driving Assistant, it also includes Steering and Lane Control Assistant with extended functions, Emergency Stop Assistant and Lane Keeping Assistant with active side collision protection.¹

□ The M Setup allows you to configure various driving dynamics parameters such as engine, transmission and steering characteristics, damper settings, Dynamic Stability Control (DSC) control intensity or the power distribution of the M xDrive all-wheel-drive system according to your personal requirements.

□ The full-colour BMW Head-Up Display² with M specific functions projects information relevant for the journey directly into your field of vision. With the press of a button, you can switch to the M specific display, which includes a gear indicator, the rpm as a dynamic range curve with shift lights indicating the optimal moment to shift as well as navigation tips.

□ Whether track day or spontaneous drift session – M Drive Professional is the perfect companion for trips with that extra portion of adrenaline. The M Laptimer and the M Drift Analyser help you to hunt for best times and the perfect drift angle, while the M TRACK Mode and the ten-step M Traction Control allow for tailor-made drivability.

¹ Function may be limited in darkness, fog or bright glare.
² The information in the BMW Head-Up Display is not fully visible when viewed through polarised sunglasses. Content shown will depend on the equipment options chosen. Further optional equipment is required to display specific items.
³ For this vehicle model, the touch functionality for the iDrive controller can currently not be offered.

*The availability of some equipment features and functions depends on engine variants or additional options. The market and production availability may vary. You can find detailed information about terms, standard and optional equipment at www.bmw.com or at your BMW Partner.

■ Standard equipment □ Optional equipment

□ The tonally outstanding Harman Kardon surround sound system features a 408 W digital amplifier, nine channels and 12 speakers. Its sophisticated sound perfectly fills the interior space. Vehicle-specific, speed-dependent equalising precisely compensates for any background driving noise.

□ Telephony with wireless charging¹ incorporates a wireless charging dock and a second microphone for a better hands-free voice quality for you and your front passenger. An additional aerial connection improves mobile reception. Two mobile telephones and an audio player can be connected simultaneously via Bluetooth. Also included is the technical capacity for a Wi-Fi hotspot.

□ The dynamically designed high-quality BMW Display Key with M logo shows various status data of the vehicle on the integrated touch display and allows even the operation of selected functions.

□ The Comfort Access makes it possible to open all of the vehicle doors and the luggage compartment, without using the key. When approaching, the welcome greeting is activated even before the doors unlock automatically. You can additionally set up a BMW Digital Key³ on an iPhone – if compatible – or use the Key Card for accessing and starting the vehicle.²

□ The wind deflector provides you and your front passenger with effective protection from draughts at neck and shoulder-height, even when travelling at high speeds. When it is not needed, the collapsible sides can simply be folded together for easy and compact storage.

■ The through-loading system includes rear seat backrests that can be divided in a 40:20:40 ratio for the greatest possible flexibility. For example, two passengers can be seated comfortably in the rear, while long objects such as ski and snowboard bags can be transported at the same time. The two cupholders in the centre armrest are very practical.

■ The Automatic air conditioning with 3-zone control and automatic temperature control features separate controls for you and your front passenger, as well as for the passengers in the rear. It also includes Automatic Air Recirculation (AAR), a micro active carbon filter, a fog and solar sensor, as well as rear air vents with a digital display.

■ Ambient light, including Ambient contour lighting in the front and rear doors, creates a relaxed, cosy lighting atmosphere in the interior. The eleven dimmable lighting designs also include a dynamic function in four applications.

□ In warm weather, the active seat ventilation in the front seats provides more seating comfort. Fans in the backrests and fans in the seats blow interior air at a selectable intensity through the finely perforated seat covers and ensure a comfortable seat temperature for you and your front passenger.⁴

□ The seat heating increases the temperature of the seat and backrest surfaces of the front seats as well as the exterior rear seats. It can be individually regulated to three levels for each seat. Even before the engine has reached running temperature, the seat heating provides cosy warmth even in the coldest exterior temperatures – and all that at the push of a button.⁵

□ The neck warmer ensures comfort when driving by pleasantly providing warmth for the head and shoulders. When the roof is open, the warming system integrated into the front seat headrests is automatically regulated based on the speed and outside temperature. Three different temperature levels can also be personally selected.

¹ Supports inductive charging for Qi-compatible mobile phones. Special charging cases are available from Original BMW Accessories for selected smartphones that do not support the Qi standard for inductive charging.

² The WiFi hotspot fulfils all in-vehicle requirements for use of the internet with the maximum LTE standard. Usage is subject to cost.

³ Prerequisite is a BMW ConnectedDrive account and a compatible smartphone. For customers with a non-compatible smartphone, a high-quality Key Card is provided. More information about the BMW Digital Key, e.g. regarding the compatibility of your smartphone, is available at www.bmw.com/digitalkey

⁴ Not in conjunction with M Carbon bucket seat.

⁵ Only available for M3 Saloon / Competition Saloon. The availability of some equipment features and functions depends on engine variants or additional options. The market and production availability may vary. You can find detailed information about terms, standard and optional equipment at www.bmw.com or at your BMW Partner.

M PERFORMANCE PARTS.

Discover even more with the new BMW Products app. Available now, for your smartphone and tablet.

o Accessories

The BMW M3 and BMW M4 bring high-performance sport to the road. Numerous technologies derived from motorsport offer maximum performance and dynamics in perfection - in every driving situation. The breathtaking motorsport feeling is rounded off by the exclusive, tailor-made BMW M Performance Parts in unique carbon look. The interplay creates a vehicle that releases adrenaline at every moment and draws all attention to itself. Give your BMW maximum individuality and genuine racing character with BMW M Performance Parts, with a wide range of products available in the areas of aerodynamics, drive, exterior design, cockpit, chassis, and wheels.

o Make a strong statement: The M Performance front splitter made from 100 percent carbon fibre highlights the vehicle's masculine appearance in a highly exclusive manner. A unique motorsport look for anybody who refuses to compromise.

o Breathtaking for the ears: The M Performance exhaust system fascinates with an uncompromising motorsport sound. The silencer and the sporty tailpipe module are made entirely in race-grade titanium.

o 19"/20" M Performance forged wheels Y-spoke style 963 M for vehicles with central locking in Jet Black matt. Summer complete wheel set with tyre pressure monitor.

o 20"/21" M Performance Forged Wheels Cross-spoke style 1000 M in Gold Bronze. Complete summer wheel set with tyres featuring tyre pressure monitor.

o Perfectly well-rounded, with stunning corners and angles: the M Performance steering wheel Pro creates an unmistakable motorsport atmosphere in the cockpit. It inspires with its striking form and very pronounced grip area made of Alcantara – for a more direct steering feel. With a motorsport mark in light blue leather.

o The M Performance rear diffuser from carbon fibre impressively underlines the vehicle's athletic appearance.

o The M Performance rear spoiler with aerodynamic cut-out is made from 100 percent high-quality carbon fibre and creates a distinctive motorsport look at the rear of the vehicle.

Discover the wide range of innovative solutions available for the exterior and interior, communication and information, and for transportation and the luggage compartment. Your BMW Partner is on hand to advise you on the whole range of Original BMW Accessories and the BMW M Performance Parts product portfolio. For further information, please visit www.bmw.com
