

MG3 HYBRID+

Are you ready to feel good?

THE NEW MG3 HYBRID+

ENJOY THE BEST OF BOTH WORLDS

The new MG3 Hybrid+ has it all. Giving you the joy of pure electric driving and the reassurance of petrol power. Seamlessly switching between modes to provide the most economical and refined drive at all times.

That means the MG3 Hybrid+ is ideal for nipping around town, or heading up the motorway for a well-earned break. Plus, without the need to plug in to charge, you can start and stop as you please.

Bursting with smart features

The spacious interior is packed with intelligent technology, including our MG Pilot Safety Systems and MG iSMART app connectivity. And it all comes with the peace of mind of our 7-year warranty.

A smooth drive, smart design, low running costs, agile looks - that's a feel good you just can't hide.

MADE FOR JOY

Everything about the new MG3 Hybrid+ was designed to put a smile on your face.

Modern styling

The MG3 Hybrid+ bristles with agile, athletic style from every angle. Open the door and discover a sophisticated interior generously equipped with premium features and intelligent safety systems.

Advanced performance

The dedicated hybrid engine works in harmony with the high capacity battery. The result? Low fuel consumption, low CO₂ emissions and class-leading power and performance. Not to mention a quiet, comfortable drive every time.

A personal touch

How would you like your MG3 Hybrid+? There's a wide selection of choices, including three trim levels, Standard, Comfort and Luxury and seven attention-grabbing paint colours.

ATHLETIC LOOKS

From the bold grille all the way down to the smooth spoiler and light-trailed taillamp, the MG3 Hybrid+ is alive with agile style.

It makes its presence felt instantly with the black wide-open grille and integrated low and high beam headlamps that offer 11 powerful LEDs between them. Meanwhile, the sleek, compact body rests on 16" five-spoke alloy wheels, designed to enhance aerodynamics as well as looks.

This beautifully crafted design translates MG's classic style into a compact, athletic look that's perfect for today's drivers.

REFINED INTERIOR

Practical interior styling

Discover generous cabin space inside the slim profile of the MG3 Hybrid+. At the heart of the sophisticated all-black interior are leather-style front seats* that give you 6-way adjustability** for ultimate comfort. You're surrounded by high-gloss panels and chrome detailing for added refinement, while the multi-functional soft-touch steering wheel invites you to take control.

Plenty of space

The MG3 Hybrid+ is also brimming with numerous smart storage solutions. Including an adjustable cup holder and an armrest tray at the front that both flex to the perfect fit. Plus, ample boot space, with the option to lower the rear seats.

*Leather-style front seats are only available on Luxury edition.

**6-way adjustable seat is for driver (only)
4-way adjustable seat for passenger.

SMART HYBRID POWER

The new MG3 Hybrid+ gives you all the benefits of petrol power along with economical electric driving.

This smart combination maximises efficiency for short city trips and long out-of-town journeys alike. And it's perfect if you want to cut your emissions and you aren't quite ready to go fully electric.

Dual power

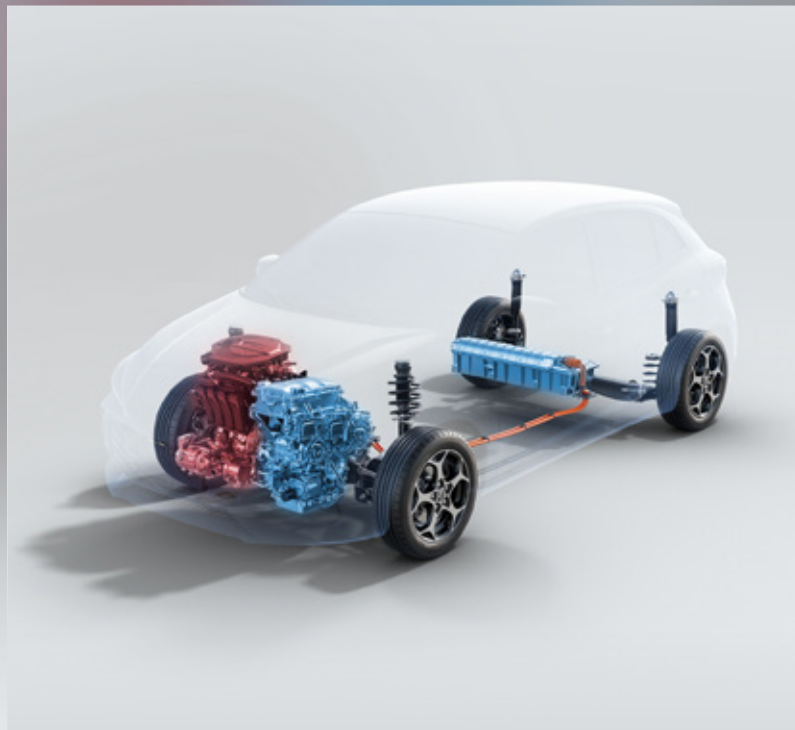

New to electric? This is a great place to start. Enjoy smooth, quiet electric performance without worrying about running out of battery. Your petrol engine will be there with the power you need.

Better for the environment

Shrink your carbon footprint by using fewer fossil fuels - and create zero tailpipe emissions in fully electric mode.

Lower running costs

You'll spend less money at the pump, and lower emissions mean you spend less money on road tax too, compared to conventional petrol and diesel cars.

DRIVING WITH A BIG PLUS

Here's how our advanced HEV Plus system gives you a better drive on so many levels.

Performance

The 100kWh electric motor and 75kW dedicated hybrid engine deliver more power as well as seamless electric torque at city speeds, perfect for urban commutes. Giving you great overall performance without having a negative impact on fuel economy and emissions.

Low emissions

With just 100g/km of CO₂, your emissions are far lower than a comparable petrol car – and you could save on tax and low-emission zone fees. The MG3 Hybrid+ also keeps things low when it comes to running costs, with just 4.4L/100km*.

Ultra-efficient

The MG3 Hybrid+ is designed to leave the rest behind. It's one of the most efficient hybrid models in its class, thanks to the quick-response motor and 3-speed hybrid transmission.

Smooth

The MG3 Hybrid+ gives you the instant response and effortless acceleration of a fully electric vehicle. Thanks to the high-capacity 1.8kWh battery (the largest in its class), you can feel more EV more of the time. When it comes to town driving, for example, being in EV mode transforms stop-start traffic into a smooth, stress-free experience.

*WLTP combined

INTELLIGENT TECHNOLOGY

Technology is smartest when it puts people at its centre. In the MG3 Hybrid+, you'll find all the controls and information you need at your fingertips.

10.25" infotainment screen

The floating infotainment screen comes with a HD display and intuitive design, so you can access everything from sat-nav directions to your favourite music while driving safely. Apple CarPlay™, Android Auto™, Bluetooth, DAB radio and more...it's all there with a tap.

360° camera*

Parking spots and narrow streets are no hassle with four HD wide cameras to give you an all-round view. Meanwhile, ultrasonic radar warns you about obstructions, and Dynamic Reversing Assist helps you park at the perfect angle.

*Only available on Luxury edition

7" driver display

The highly intuitive 7" HD virtual cluster displays clear, concise driving information, while making it easy to control your phone, music and other infotainment.

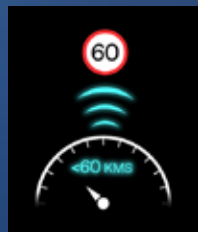

MG iSMART

The technology of MG iSMART puts a wide variety of your car's features at your fingertips, such as finding your vehicle, remote locking and unlocking, and vehicle status checks.

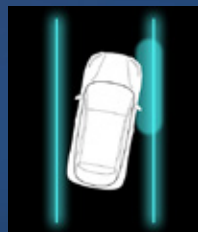

MG PILOT

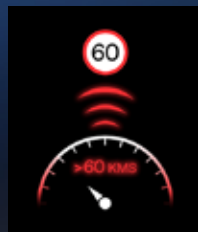

The MG Pilot suite of high-tech driver assistance technology gives you added confidence on the road.

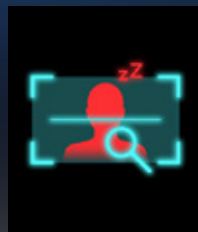

Intelligent Speed Limit Assist

Lane Keep Assist (LKA)

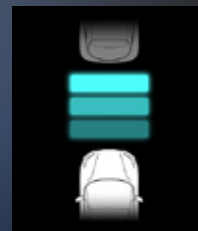

Traffic Sign Recognition

Driver Drowsiness and Attention Warning

Cruise control features

Adaptive Cruise Control (ACC)

Intelligent Cruise Assist (ICA)

Collision avoidance

Forward Collision Warning

Autonomous Emergency Braking (AEB)

Rear driving assistance

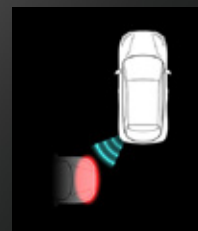

Rear Driving Assist*

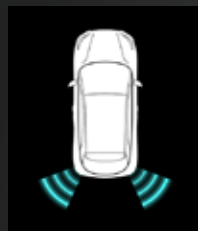

Rear driving assist feature includes the following:

Lane Change Assist*

Rear Cross Traffic Alert*

Blind Spot Detection*

For more information, please visit your local MG dealer.

*Only available on Luxury edition

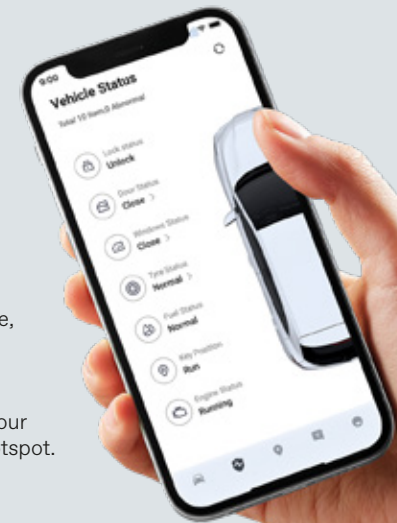

CONNECT AND CONTROL

The innovative MG iSMART system is a beautifully simple way to elevate your driving experience, delivering a new level of control and interaction with your MG3 Hybrid+.

The MG iSMART system integrates car, internet and user communication, and the dedicated MG smartphone app helps you find your parked car, check its status and monitor fuel levels.

MG iSMART also looks after your MG3 Hybrid+ when you're not in it. You can pre-start the climate control system to cool or heat the car before you step inside, and turn on the heated seats on the Trophy model.

Plus, MG iSMART gets you and your passengers online with a Wi-Fi hotspot.

A COLOUR JUST FOR YOU

The MG3 Hybrid+ won't just make you feel good, you'll look good too with a choice of seven attention-grabbing colours - with standard, metallic and tri-coat options for a unique look. Get ready to demand attention.
